### **Solid Waste Handling Permits**

Solid waste handling permit 085-007D(MSWL) was modified July 7, 2015 to add a solid waste pyrolysis process (waste to energy) area at the Cedar Grove Landfill in Lamar County.

On July 14, 2015, EPD approved the horizontal and vertical expansion of the Lowndes County – Advanced Disposal Services Evergreen Landfill, Inc. Municipal Solid Waste Landfill, permit 092-022D(SL). The approval includes complete waste excavation of the adjacent Valdosta – Hetherington Lane Unlined Sanitary Landfill, formerly permitted as 092-014D(SL), and future horizontal expansion of the subject landfill into this excavated area. Permit 092-022D(MSWL) now incorporates the operation of the municipal solid waste landfill on both properties and solid waste handling permit 092-014D(SL) is therefore being revoked.

**For additional information on solid waste, please contact Claudia Moeller at 404-362-4918.**

### **Surface Mining Permits**

Surface mining permit 133-15 was issued July 7, 2015 to Martin Marietta Materials to operate an existing granite quarry in Fayette County.

Surface mining permit 1760-15 was issued July 14, 2015 to Farmer's Limestone, LLC to operate an existing limestone quarry in Houston County.

Surface mining permit 600-15 was issued July 28, 2015 to Vulcan Construction Materials, L.P. to operate an existing granite quarry in Gilmer County.
